### **Fundy Communities Development Association 2007 PETITION**

The ***Fundy Communities Development Association*** is a citizens group created to *support, promote, and improve the quality of life* for residents in the communities from East Margaretsville to Delaps Cove in the Municipality of the County of Annapolis, Nova Scotia. It has been identified that our geography is lacking in technological advancements and roadway improvements. The lack of these services negatively impact our personal safety, psychological well being, educational opportunities, recreational opportunities and economic development prospects. We seek access to improved technology and roadway services, and petition our governments to assist us in realizing these goals.
